INCORRECT MINUTES

RECYCLE PROGRAM – WASTE MANAGEMENT

Chief Administrator Butler discussed the recycle efforts, stating that \$3,000.00 has been placed in the tentative budget for FY 2013-2014 for a recycle program. Commissioner Yeager requested that the Board proceed with the recycle program to provide an opportunity for the citizens to recycle. Commissioner Bryan stated that she has not received any information regarding the \$6,000.00 pilot program, but is in support of a recycle program. Lynn Yort, of Waste Management appeared before the Board to discuss providing a convenience recycle center for dual stream recycling. She reported that the \$6,000.00 will pay for the rental, the pull, and disposal of the recyclables to Panama City. Upon inquiry by Commissioner Bryan, Ms. Yort reported that this program will be through the summer season for three to four months. Upon inquiry by Commissioner Bryan, Ms. Yort reported that the \$6,000.00 will cover one location for four months. Upon inquiry by Commissioner McLemore, Commissioner Yeager proposed that the \$6,000.00 for this project come from Reserves. Commissioner McDaniel discussed his concerns regarding the pilot project for the County. Discussion followed. Upon inquiry by Commissioner Bryan, Ms. Yort stated that Waste Management will be able to tell the County the number of tons of waste that were diverted from the main waste stream. Upon inquiry by Commissioner McLemore, Ms. Yort stated the original plan is to have the bin located at Salinas Park, and if that does not work due to people contaminating the deposits, then the bins would need to be located at a place with better lighting and staffing (fire station). Pat Hardman, of Coastal Community Association appeared before the Board to request that the Board consider this pilot program and discussed her concerns regarding recycling. Upon inquiry by Commissioner Bryan, Commissioner Yeager noted that there has been discussion with some of the rental units in providing a recycling program to the renters. Commissioner Yeager motioned to proceed with the recycle pilot program and pay the \$6,000.00 from Reserves (for Contingencies). Commissioner McDaniel seconded, and it passed 4 to 1, with Commissioner McLemore voting no.

THIS AGREEMENT IS ENTERED INTO BASED ON THE FOLLOWING REPRESENTATIONS:

- A. The Recipient represents that it is fully qualified and eligible to receive these grant funds to provide the services identified herein; and
- B. The Division has received these grant funds from the State of Florida, and has the authority to subgrant these funds to the Recipient upon the terms and conditions below; and
- C. The Division has statutory authority to disburse the funds under this Agreement.

THEREFORE, the Division and the Recipient agree to the following:

(1) SCOPE OF WORK.

The Recipient shall perform the work in accordance with the Program Budget and Scope of Work, Attachment A and B of this Agreement.

(2) INCORPORATION OF LAWS, RULES, REGULATIONS AND POLICIES

The Recipient and the Division shall be governed by applicable State and Federal laws, rules and regulations, including those identified in Attachment F.

(3) PERIOD OF AGREEMENT

This Agreement shall begin on July 1, 2013 and shall end June 30, 2014, unless terminated earlier in accordance with the provisions of Paragraph (12) of this Agreement.

(4) MODIFICATION OF CONTRACT

Either party may request modification of the provisions of this Agreement. Changes which are agreed upon shall be valid only when in writing, signed by each of the parties, and attached to the original of this Agreement.

(5) RECORDKEEPING

(a) As applicable, Recipient's performance under this Agreement shall be subject to the federal OMB Circular No. A-102, "Common Rule: Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" (53 Federal Register 8034) or OMB Circular No. A-110, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations," and either OMB Circular No. A-87, "Cost Principles for State, Local and Indian Tribal Governments," OMB Circular No. A-21, "Cost Principles for Educational Institutions," or OMB Circular No. A-122, "Cost Principles for Non-profit Organizations."

The Recipient shall ensure that audit working papers are available to them upon request for a period of five years from the date the audit report is issued, unless extended in writing by the Division. The five year period may be extended for the following exceptions:

EXHIBIT 1 to this Agreement shows the Federal resources awarded through the Division by this Agreement. In determining the Federal awards expended in its fiscal year, the Recipient shall consider all sources of Federal awards, including Federal resources received from the Division. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the Recipient conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this paragraph.

If the Recipient expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the Recipient expends less than \$500,000 in Federal awards in its fiscal year and chooses to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal funds.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. Attachment B

Scope of Work

Funding is provided to perform eligible activities as identified in the Emergency Management Performance Grants (EMPG) Program Funding Opportunity Announcement (FOA). Eligible activities are outlined in Attachment C Eligible Expenses. The intent of the EMPG Base Grant Agreement is to provide each county with the means to successfully manage and operate an Emergency Management Program. Counties must be able to prepare for, respond to, recover from, and mitigate against natural and man-made disasters/ emergencies.

EMPG Base Grant funding is intended to enhance county emergency management plans and programs that are consistent with the State Comprehensive Emergency Management Plan and Program (reference Rule Chapter 27P-6, Florida Administrative Code and Chapter 252, Florida Statutes). This Scope of Work recognizes that each recipient is at a varying level of preparedness, and it is understood that each county has a unique geography, faces unique threats and hazards, and serves a unique population.

The objective of this funding is to assist in providing operating support for the areas outlined in Attachment C to maintain a county emergency management program. The objective is to help fund the county Emergency Management programs and maintain a 24-7 (this includes on-call coverage) daily response to county emergencies. The minimum acceptable standard for payment is a twelve month 24-7 operation. Emergency Management operation below the minimum standard will result in a prorated reduction in payment.

In addition, the County is to achieve the following emergency management goals throughout the contract period to ensure county compliance and coordination with the state emergency management. Items listed in Attachment D are to be reviewed during the mid-year and end-of year progress report prepared in conjunction with the Division's Regional Coordinator to ensure county compliance. Any two goals in the series of 1 to 3 not completed will cause a 5% reduction in the last quarter payment. Documentation supporting the completion of the goals outlined below should be submitted on the Quarterly Financial report.

By signing this Agreement the Recipient certifies that it will use the award to enhance its Emergency Management Program.

Monitoring: Monitoring may be accomplished through either a desk-based review or on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each county and will identify areas where technical assistance, corrective actions and other support may be needed.

Desk monitoring is the review of projects, financial activity and technical assistance between the Division and the applicant via e-mail and telephone. On-Site Monitoring are actual visits to the recipient agencies by a Division representative who examines records, procedures and equipment.

Each year the Division will conduct on-site visits for up to 25% of the 2013-2014 county agreements (2013 EMPG).

The Division may request additional monitoring/information if the activity, or lack thereof, generates questions from the region, the sponsoring agency or Division leadership. The method of gathering this information will be determined on a case-by-case basis.

Proposed staffing activities should be linked to accomplishing the projects and activities outlined in the EMPG Program Work Plan.

Personnel costs, including salary, overtime, compensatory time off, and associated fringe benefits, are allowable costs with FY 2013 EMPG Program funds. These costs must comply with 2 CFR Part §225, *Cost Principles for State, Local, and Indian Tribal Governments* (Office of Management and Budget [OMB] Circular A-87).

B. Planning

Planning spans across all five NPG mission areas and provides a baseline for determining potential threats and hazards, required capabilities, required resources, and establishes a framework for roles and responsibilities. Planning provides a methodical way to engage the whole community in the development of a strategic, operational, and/or community-based approach to preparedness.

FY 2013 EMPG Program funds may be used to develop or enhance upon emergency management planning activities, some examples include:

- Provide input for data collection in THIRA development
- Development of an all-hazards mitigation plan based on identified risks and hazards

Emergency Management/Operation Plans

- Maintain/enhance current local County Emergency Management Plan (CEMP)
- Modifying existing incident management and emergency operations plans
- Developing/enhancing large-scale and catastrophic event incident plans

Communications Plans

- Developing and updating Statewide Communication Interoperability Plans
- Developing and updating Tactical Interoperability Communications Plans

Continuity/Administrative Plans

- Developing/enhancing Continuity of Operation (COOP)/Continuity of Government (COG) plans
- Developing/enhancing financial and administrative procedures for use before, during, and after disaster events in support of a comprehensive emergency management program

Whole Community engagement/planning

- Developing/enhancing emergency operations plans to integrate citizen/volunteer and other non-governmental organization resources and participation
- Engaging the "Whole Community" in security and emergency management is critical to achieving the NPG
- Public education and awareness on emergency management and preparedness
- Planning to foster public-private sector partnerships

Development or enhancement of mutual aid agreements/compacts, including required membership in EMAC

Resource management planning

- Developing/enhancing logistics and resource management plans
- Developing/enhancing volunteer and/or donations management plans
- Acquisition of critical emergency supplies defined as: shelf stable food products, Water, and/or basic medical supplies. Acquisition of critical emergency supplies requires each State to have FEMA's approval of a viable inventory management plan; an effective distribution strategy; sustainment costs for such an effort; and logistics expertise to avoid situations where funds are wasted because supplies are rendered ineffective due to lack of planning.
- Supply preparation

Evacuation planning

- Developing/enhancing evacuation plans, including plans for: alerts/warning, crisis communications, pre-positioning of equipment for areas potentially impacted by mass evacuations sheltering, and re-entry.

Pre-disaster and post-disaster Recovery planning

- Pre-event response/recovery/mitigation plans in coordination with State, local, and tribal governments
- Developing/enhancing other response and recovery plans
- Develop recovery plans and preparedness programs consistent with the principles and guidance in the NDRF that will provide the foundation for recovery programs and whole-community partnerships. Preparedness and pre-disaster planning was given special attention within the NDRF with specific guidance: *Planning for a Successful Disaster Recovery* (pages 63-70). For more information on the NDRF see <http://www.fema.gov/pdf/recoveryframework/ndrf.pdf>.

F/ERO Credentialing and Validation:

- Working group meetings and conferences relating to emergency responder credentialing and validation
- Compiling data to enter into an emergency responder repository
- Coordinating with other State, local, territorial, and tribal partners to ensure interoperability among existing and planned credentialing and validation systems and equipment
- Planning to incorporate emergency responder identity and credential validation into training and exercises.

Continuity of Operations / Continuity of Government Planning (COOP/COG) Grant Funding Opportunity

COOP/COG planning is the fundamental responsibility of every government agency that performs an essential function at the State and local level. In order to conduct necessary emergency operations, recovery actions, and other key essential functions during a large-scale or catastrophic event, the agency must have effective Continuity plans in place to support continued operations. Continuity efforts also provide the foundational basis for COG programs, such as succession planning, which are designed to ensure the survival of not only leadership at the State and local level, but also an enduring constitutional government. State and local plans to address COOP/COG issues should be consistent with the Nations Continuity Policy described in Homeland Security Presidential Directive 20 (HSPD-20); the National Continuity Policy Implementation Plan (NCPPI); and Continuity Guidance Circular's 1 (CGC 1) and 2 (CGC 2), which provides guidance for State, local, territorial, and tribal governments, and private sector organizations in developing robust Continuity plans and programs in support of a comprehensive and integrated national continuity capability. Continuity issues to address include, but are not limited to:

- Determine essential functions and activities, interdependencies, and resources needed to perform them
- Establish orders of succession and delegations of authority to key agency positions and establish and maintain current roster(s) of fully equipped and trained COOP personnel with the authority to perform essential functions
- Provide for the identification and preparation of alternate operating facilities for relocated operations
- Provide for the regular training, testing, and exercising of COOP personnel, systems, and facilities
- Provide for reconstitution of agency capabilities, and transition from continuity operations to normal operations

C. Training

FY 2013 EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of local emergency management personnel through the establishment, support, conduct, and attendance of training. Training activities should align to a current, Multi-Year TEP developed through an annual TEPW. Training should foster the development of a community oriented approach to emergency management that emphasizes engagement at the community level, strengthens best practices, and provides a path toward building sustainable resilience.

Each EMPG Program funded position is REQUIRED to complete the following training(s) during this contract period or show proof (certificate) that each training has been completed. These training requirements are also outlined in Attachment D, #2.

- IS 100 – Introduction to Incident Command System
- IS 200 – ICS for Single Resources and Initial Action Incidents
- IS 700 – National Incident Management Systems (NIMS)
- IS 800 – National Response Framework
- Professional Development Series (PDS)
 - IS 120.a – An Introduction to Exercises
 - IS 230.c – Fundamentals of Emergency Management
 - IS 235.b – Emergency Planning
 - IS 240.a – Leadership and Influence
 - IS 241.a – Decision Making and Problem Solving
 - IS 242.a – Effective Communication
 - IS 244.b – Developing and Managing Volunteers

EMPG Program funds used for training should support the nationwide implementation of NIMS. The NIMS Training Program establishes a national curriculum for NIMS and provides information on NIMS courses; grantees are encouraged to place emphasis on the core competencies as defined in the NIMS Training Program. The NIMS Training Program can be found at http://www.fema.gov/pdf/emergency/nims/nims_training_program.pdf.

The NIMS *Guideline for Credentialing of Personnel* provides guidance on the national credentialing standards. The NIMS Guidelines for Credentialing can be found at http://www.fema.gov/pdf/emergency/nims/nims_cred_guidelines_report.pdf.

To ensure the professional development of the emergency management workforce, the grantee must ensure a routine capabilities assessment is accomplished and a multi-year training plan is developed and implemented.

Additional types of training include, but are not limited to, the following:

- Developing/enhancing systems to monitor training programs
- Conducting all hazards emergency management training
- Attending Emergency Management Institute (EMI) training or delivering EMI train-the-trainer courses
- Attending other FEMA-approved emergency management training
- Mass evacuation training at local, State, and tribal levels

Allowable training-related costs include the following:

- **Funds Used to Develop, Deliver, and Evaluate Training.** Includes costs related to administering the training: planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment. Training should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any training or training gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the training cycle.
- **Overtime and Backfill.** The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of attendance at FEMA and/or approved training courses and programs are allowable. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an

employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.

- **Travel.** Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants.** Full- or part-time staff may be hired to support direct training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable.
- **Certification/Recertification of Instructors.** Costs associated with the certification and re-certification of instructors are allowed. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses which involve training of trainers.

D. Exercises

Exercises implemented with grant funds should evaluate performance of the capabilities required to achieve exercise objectives. Exercise activities should align to a current, Multi-Year TEP developed through an annual TEPW. Further guidance concerning the TEP and the TEPW can be found at <https://hseep.dhs.gov>. Grantees are encouraged to develop exercises that test their EOP in accordance with the EMPG Program Priority requirements.

All EMPG Program funded personnel are REQUIRED to participate in no less than three exercises in a 12 month period. One real world event can count towards meeting this requirement. (see Attachment D, #2)

Allowable exercise-related costs include:

- **Funds Used to Design, Develop, Conduct and Evaluate an Exercise.** This includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation. Grantees are encouraged to use free public space/locations/facilities, whenever available, prior to the rental of space/locations/facilities. Exercises should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any exercise or exercise gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the exercise cycle.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants.** Full- or part – time staff may be hired to support direct exercise activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or the awarding agency, whichever is applicable. The services of contractors/consultants may also be procured to support the design, development, conduct and evaluation of exercises.
- **Overtime and Backfill.** The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- **Travel.** Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of the exercise activities
- **Supplies.** Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise activities (e.g., gloves, non-sterile masks, and disposable protective equipment)
- **Implementation of HSEEP.** This refers to costs related to developing and maintaining a self-sustaining State HSEEP which is modeled after the national HSEEP
- **Other Items.** These costs are limited to items consumed in direct support of exercise activities such as the rental of space/locations for planning and conducting an exercise, rental of equipment, and the procurement of other essential nondurable goods. Grantees are encouraged to use free public space/locations, whenever available, prior to the rental of space/locations. Costs associated with inclusive

practices and the provision of reasonable accommodations and modifications that facilitate full access for children and adults with disabilities.

Unauthorized exercise-related costs include:

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances). The only vehicle costs that are reimbursable are fuel/gasoline or mileage.
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs)
- Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct

E. Equipment

Allowable equipment categories for the EMPG Program are listed on the web-based version of the Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB), which is sponsored by FEMA at <http://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, counties will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

The select allowable equipment includes equipment from the following AEL categories:

- Information Technology (Category 4)
- Cyber-Security Enhancement Equipment (Category 5)
- Interoperable Communications Equipment (Category 6)
- Detection Equipment (Category 7)
- Power Equipment (Category 10)
- Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) Reference Materials (Category 11)
- CBRNE Incident Response Vehicles (Category 12)
- Physical Security Enhancement Equipment (Category 14)
- CBRNE Logistical Support Equipment (Category 19)
- Other Authorized Equipment (Category 21)

In addition to the above, general purpose vehicles (such as sports utility vehicles) are allowed to be procured in order to carry out the responsibilities of the EMPG Program. If State agencies and/or local governments have questions concerning the eligibility of equipment not specifically addressed in the AEL, they should contact their contract manager who will coordinate with the FEMA Regional Program Analyst for clarification.

F. Management and Administration (M&A)

M&A activities are those defined as directly relating to the management and administration of EMPG Program funds, such as financial management and monitoring. It should be noted that salaries of State and local emergency managers are not typically categorized as M&A, unless the State or local EMA chooses to assign personnel to specific M&A activities.

II. EHP

Recipients must comply with all applicable EHP laws, regulations, and Executive Orders (EOs) in order to draw down their FY 2013 EMPG Program grant funds. Any project with the potential to impact natural resources or historic properties cannot be initiated until FEMA has completed the required FEMA EHP review. Recipients that implement projects prior to receiving EHP approval from FEMA risk de-obligation of funds. For these types of projects, Recipients must complete the FEMA EHP Screening Form (OMB Number 1660-0115/FEMA Form 024-0-01) and submit it, with all supporting documentation to their Contract Manager. Recipients should submit the FEMA EHP Screening Form for each project as soon as possible upon receiving their grant award. The Screening Form must be submitted prior to funds being expended. Refer to IBs 329, 345, and 356 (located at <http://www.fema.gov/government/grant/bulletins/index.shtml>)

The following types of EMPG projects are to be submitted to FEMA for compliance review under EHP laws and requirements prior to initiation of the project:

- Any involvement with the installation of equipment,
- Ground-disturbing activities,
- New construction (installation and renovation), including communication towers, or modification/renovation of existing buildings or structures
- Proposed construction or renovation projects that are part of larger projects funded from a non-FEMA source (such as an EOC that is part of a larger proposed public safety complex)
- Renovation of and modification to buildings and structures that are 50 years old or older
- Any other construction or renovation efforts that change or expand the footprint of a facility or structure including security enhancements to improve perimeter security
- Physical Security Enhancements, including but not limited to:
 - Lighting
 - Fencing
 - Closed-circuit television (CCTV) systems
 - Motion detection systems
 - Barriers, doors, gates and related security enhancements
- Field based training and exercises including activities that involve ground disturbance, use of explosives, toxic agents or otherwise have the potential to cause impact to the environment or historical resources. This is only a requirement if the exercise or field training is not being conducted by a certified professional or at an existing facility with established procedures.
- Communication tower projects

The following activities do not require the submission of the FEMA EHP Screening Form: planning and development of policies or processes; management and administration; classroom-based training; table top exercises and functional exercises; and, acquisition of mobile and portable equipment (no installation).

All recipients of financial assistance will comply with the requirements of the NEPA, as amended, 42 U.S.C. §4331 et seq., which establishes national policy goals and procedures to protect and enhance the environment, including protection against natural disasters. To comply with NEPA for its grant-supported activities, DHS requires the environmental aspects of construction grants (and certain non-construction projects as specified by the component and awarding office) to be reviewed and evaluated before final action on the application.

For more information on FEMA's EHP requirements, see Informational Bulletins below"

- Information Bulletin 329, Environmental Planning and Historic Preservation Requirements for Grants, available at <http://www.fema.gov/pdf/government/grant/bulletins/info329.pdf>;
- Information Bulletin 345, Programmatic Environmental Assessment, available at <http://www.fema.gov/pdf/government/grant/bulletins/info345.pdf>; and
- Information Bulletin 356, EHP Screening Form, available at <http://www.fema.gov/pdf/government/grant/bulletins/info356.pdf>.

III. Construction and Renovation

Construction and renovation activities for a local government's EOC as defined by the SAA are allowable under the EMPG Program.

Written approval must be provided by FEMA prior to the use of any EMPG Program funds for construction or renovation. Requests for EMPG Program funds for construction of an EOC must be accompanied by an EOC Investment Justification (FEMA Form 089-0-0-3; OMB Control Number; 1660-0124 (available through ND grants) to their Grant Program Manager for review. Additionally, grantees are required to submit a SF-424C Budget and Budget detail citing the project costs.

When applying for funds to construct communication towers, grantees and sub-grantees must submit evidence that the FCC's Section 106 review process has been completed and submit all documentation resulting from that review to GPD prior to submitting materials for EHP review. Grantees and sub-grantees are also encouraged to have completed as many steps as possible for a successful EHP review in support of their

proposal for funding (e.g., coordination with their State Historic Preservation Office to identify potential historic preservation issues and to discuss the potential for project effects, compliance with all State and EHP laws and requirements). Projects for which the grantee believes an Environmental Assessment (EA) may be needed, as defined in 44 CFR 10.8 and 10.9, must also be identified to the FEMA Program Analyst within six months of the award and completed EHP review materials must be submitted no later than 12 months before the end of the period of performance. EHP review packets should be sent to gpdehpinfo@fema.gov.

EMPG Program grantees using funds for construction projects must comply with the *Davis-Bacon Act* (40 U.S.C. 3141 *et seq.*). Grant recipients must ensure that their contractors or subcontractors for construction projects pay workers employed directly at the work-site no less than the prevailing wages and fringe benefits paid on projects of a similar character. Additional information, including Department of Labor (DOL) wage determinations, is available from the following website:
<http://www.dol.gov/compliance/laws/comp-dbra.htm>.

IV. Maintenance and Sustainment

The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active and future grant awards, unless otherwise noted.

EMPG Program grant funds are intended to support the NPG and fund activities and projects that build and sustain the capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation. In order to provide grantees the ability to meet this objective, the policy set forth in GPD's IB 379 (Guidance to State Administrative Agencies to Expedite the Expenditure of Certain DHS/FEMA Grant Funding) allows for the expansion of eligible maintenance and sustainment costs which must be in 1) direct support of existing capabilities; (2) must be an otherwise allowable expenditure under the applicable grant program; (3) be tied to one of the core capabilities in the five mission areas contained within the National preparedness Goal, and (4) shareable through the Emergency Management Assistance Compact. Additionally, eligible costs must also be in support of equipment, training, and critical resources that have previously been purchased with either Federal grant or any other source of funding other than DHS/FEMA preparedness grant program dollars.

Unallowable Costs

- Expenditures for weapons systems and ammunition
- Costs to support the hiring of sworn public safety officers for the purposes of fulfilling traditional public safety duties or to supplant traditional public safety positions and responsibilities
- Activities unrelated to the completion and implementation of the EMPG Program

In general, recipients should consult with their contact manager; who will coordinate with the FEMA Regional Program Analyst prior to making any Investment that does not clearly meet the allowable expense criteria established in this Guidance.

Attachment D

Deliverables

The objective of this funding is to assist in providing operating support for the areas outlined in Attachment B and C to maintain a county emergency management program. The objective is to help fund the county Emergency Management programs and maintain a 24-7 (this includes on-call coverage) daily response to county emergencies. The minimum acceptable standard for payment is a twelve month 24-7 operation. Emergency Management operation below the minimum standard will result in a prorated reduction in payment.

In addition, the County is to achieve the following emergency management goals throughout the contract period to ensure county compliance and coordination with the state emergency management. Items listed below are to be reviewed during the mid-year and end-of year progress report prepared in conjunction with the Division's Regional Coordinator to ensure county compliance. Any two goals in the series of 1 to 3 not completed will cause a 5% reduction in the last quarter payment. Documentation supporting the completion of the goals outlined below should be submitted on the Quarterly Financial report.

1. **COORDINATION AND COLLABORATION** - Utilizing the below elements, county emergency management agencies will have an ongoing process that provides for coordinated and collaborated input in the preparation, implementation, evaluation and revision of emergency management programs. See Data Download and Upload details in # 3 below.
 - Recipient will need to attend at least the Regional Training and Exercise Planning (TEP) Workshop and provide an agenda or a copy of the certificate to show participation in the following during this contract period (July 1, 2013 – June 30, 2014):

Each grantee will submit annually the NIMSCAST Tool, which is the evaluation matrix. The Tool includes instructions to complete the self-assessment. This will be completed by September 30, 2013 via NIMSCAST. This objective will be reviewed by the NIMS Coordinator and submitted to the contract managers.
4. **DATA DOWNLOAD AND UPLOAD** – Data exchange between the Division and counties will be facilitated by the use of the Division's Sharepoint Portal available at <https://portal.floridadisaster.org>. Counties will be provided user names and passwords to access the portal. All data, forms, templates and instructions to be provided by the Division will be made available via the portal, and counties shall use the portal to upload data or provide notice of "No Change" for applicable items.

(a) Unless Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

(b) Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Fla. Stat., agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES.

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

2. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

3. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or

4. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION.

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

Attachment B

Scope of Work

Intent of Agreement: The intent of the EMPA Base Grant Agreement is to provide each county with the means to successfully manage and operate an Emergency Management Program. Counties must be able to prepare for, respond to, recover from, and mitigate against natural and man-made disasters/ emergencies.

Base Grant funding from the Emergency Management Preparedness and Assistance Trust Fund is intended to enhance county emergency management plans and programs that are consistent with the State Comprehensive Emergency Management Plan and Program (reference Rule Chapter 27P-6, Florida Administrative Code and Chapter 252, Florida Statutes). This Scope of Work recognizes that each recipient is at a varying level of preparedness, and it is understood that each county has a unique geography, faces unique threats and hazards, and serves a unique population.

The objective of this funding is to assist in providing operating support for the areas outlined in Attachment C to maintain a county emergency management program. The objective is to help fund the county Emergency Management programs and maintain a 24-7 (this includes on-call coverage) daily response to county emergencies. The minimum acceptable standard for payment is a twelve month 24-7 operation. Emergency Management operation below the minimum standard will result in a prorated reduction in payment.

In addition, the County is to achieve the following emergency management goals throughout the contract period to ensure county compliance and coordination with the state emergency management. Items listed in Attachment D are to be reviewed during the mid-year and end-of year progress report prepared in conjunction with the Division's Regional Coordinator to ensure county compliance. Any two goals in the series of 1 to 6 not completed will cause a 5% reduction in the last quarter payment. Documentation supporting the completion of the goals outlined below should be submitted on the Quarterly Financial report.

By signing this Agreement the Recipient certifies that it will use the award to enhance its Emergency Management Program.

Monitoring: Monitoring may be accomplished through either a desk-based review or on-site monitoring visits, or both. Monitoring will involve the review and analysis of the financial, programmatic, performance, compliance and administrative processes, policies, activities, and other attributes of each county and will identify areas where technical assistance, corrective actions and other support may be needed.

Desk monitoring is the review of projects, financial activity and technical assistance between the Division and the applicant via e-mail and telephone. On-Site Monitoring are actual visits to the recipient agencies by a Division representative who examines records, procedures and equipment.

Each year the Division will conduct on-site visits for up to 25% of the 2013-2014 county agreements.

The Division may request additional monitoring/information if the activity, or lack thereof, generates questions from the region, the sponsoring agency or Division leadership. The method of gathering this information will be determined on a case-by-case basis.

This form is to be completed and sent along with the signed agreements for execution. Required with this form the county needs to provide a copy of the current Emergency Management Local Budget (General Revenue).

27P-19.011 Match Requirements.

(1) Base Grants shall be matched at an amount either equal to the average of the previous three years' level of county general revenue funding of the County Emergency Management Agency or the level of funding for the County Emergency Management Agency for the last fiscal year, whichever figure is lower. County general revenue funding for 911 services, emergency medical services, law enforcement, criminal justice, public works or other services outside the emergency management responsibilities assigned to the County Emergency Management Agency by Section 252.38, Florida Statutes, shall not be included in determining the "level of county funding of the County Emergency Management Agency." Each county shall certify compliance with this rule chapter and this rule, as a condition precedent to receipt of funding.

(2) If the Base Grant recipient demonstrates that exceptional financial circumstances prevent the Base Grant recipient from complying with the match requirements in subsection 27P-19.011(1), F.A.C., then the Base Grant recipient may request that the Division authorize a reduction in the amount of match required. The match required shall not be reduced by a percentage amount in excess of reductions in funding for county 911 services, emergency medical services, law enforcement, criminal justice, public works or other emergency management related services, and shall not be reduced below twenty-five (25) percent of the Base Grant award. To be eligible for any reduction, the Base Grant recipient shall demonstrate and certify that the reduction is due to reductions in county general revenue funding and that the amount of the requested reduction is equivalent to across the board reductions in all county budgets. County requests for reduction shall be signed by the county's chief elected officer and the certification of reduction in county budget funding shall be signed by the county's chief financial officer. Requests shall certify the intent to return to pre-reduced funding as soon as practicable, and shall provide an estimate of the date at which the county will return to the current level of funding. Requests for reduction shall also be accompanied by financial data for the previous three years indicating: the level of county funding for the County Emergency Management Agency budget; budget detail regarding all individual items of the County Emergency Management Agency budget; and the proposed level of funding, for all budget items, if the reduction is authorized by the Division. All requests for match reduction shall be submitted no later than forty-five (45) days prior to the beginning of the county fiscal year, or the opportunity to request shall be waived.

Policy Statement:

The Equal Employment Opportunity Plan (EEOP) is a report which will be updated and prepared by the Gulf County Board of County Commissioners (GCBOCC) Human Resources Department on a bi-annual basis. It will serve as a self-assessment to aid in recruiting for the various job categories throughout the GCBOCC Departments. This process will be implemented and monitored by the Chief Administrator or designee. The GCBOCC affords equal employment opportunity to all qualified persons. The GCBOCC prohibits discrimination in employment due to race, color, religion, sex, national origin, age, marital status, or disability through a continuing policy of equal employment opportunity. Effectiveness of the EEOP will be measured through the continual review, comparison, and generation of statistical data containing personnel distributions for both GCBOCC and the local labor market. This process is designed and intended to enhance equal employment opportunity. The policy adopted by the GCBOCC is intended to promote additional diversification of its work force by identifying, notifying, and recruiting qualified applicants and employees in protected classes to become part of the pool of qualified applicants for consideration for hiring, advancement, and other opportunities. It must be recognized that unforeseen economic, budgetary, or other considerations may cause our goals to be subject to significant change. The above, combined with diligent recruitment efforts, may result in meaningful increases in the number of minority applicants. At the same time we expect these efforts to assist the GCBOCC in achieving a work force that is even more reflective of the relevant available labor force of qualified protected class members in all EEOP categories. The only factors to be considered in recruiting, hiring, retention and the promotion of employees are their ability to perform the job well.

Step 4b: Narrative Underutilization Analysis

A comparison of the Gulf County Board of County Commissioners workforce to the community labor statistics for Gulf County indicates underutilization in many categories. All of the job categories are below 30, with a total employee county of 86. Community labor statistics show that Hispanic Asian, Pacific Islander, and American Indian/Alaskan Native (Other) populations are very small (less than 2%). Due to the poor economic conditions, Gulf County has had significant changes in duties. Most departments no longer have assistants, the department heads do all of the work for the department. There have also been several retirees who were not replaced. The GCBOCC does welcome the chance to increase the representation of all underutilized groups and will continue to explore ways of communicating job opportunities to all race and ethnic groups. After reviewing the results of the analysis, the GCBOCC has identified the following areas of concern: As of June 30, 2011, Gulf County employed 86 full-time employees at its facilities, including executive staff, office and other personnel. The work force analysis was accomplished by listing each job title for each department and by preparing a separate job chart. The job analysis also shows the number of minorities and females in each group or department. To determine if the County was utilizing minorities and females in proportion to their availability in the work force, it was necessary to ascertain the availability of each group. For all criteria on the Availability Factor Computation Form, statistics from the 2000 census were used to determine the appropriate availability for the immediate and reasonable recruiting area.

Step 5 & 6: Objectives and Steps

1. Within the GCBOCC's office many categories are underutilized compared with the labor force. To ensure that everyone receives equal opportunity to secure employment, it is our goal to increase employment as funds become available and will focus on enlisting applicants that may be statistically underutilized when available in the job market. This goal will be re-evaluated on the next plan update.

- a. The Chief Administrator and all department heads are committed to Equal Employment Opportunity (EEO) and will follow all EEO laws and Fair Employment Practices to assure fair and equitable treatment of all present and future employees.
- b. All personnel involved in the recruitment, screening, selection and related processes shall receive continued training to ensure elimination of bias. Any new employee placed in this area of responsibility shall receive the same training.
- c. During the course of recruiting, hiring, training, making transfers, job assignments, promotions, granting compensation, benefits and taking disciplinary action all applicants and members will be evaluated solely upon their qualifications and merits.
- d. Continue to advertise the GCBOCC vacancies in the local newspaper and the county website with EEO specifications.
- e. Vacancy announcements are also made to the Florida Workforce Center and other similar agencies and organizations.

2. It is the goal of the GCBOCC to provide equal opportunity to all qualified applicants and members and to avoid discrimination to any gender or ethnic class, through appropriate policies and education of employees. It is NOT the policy of this agency to set aside quotas of a number of positions to specific groups or classes. This goal will be re-evaluated on the next plan update.

- a. The Chief Administrator and all department heads are committed to Equal Employment Opportunity (EEO) and will follow all EEO laws and Fair Employment Practices to assure fair and equitable treatment of all present and future employees.
- b. All personnel involved in the recruitment, screening, selection and related processes shall receive continued training to ensure elimination of bias. Any new employee placed in this area of responsibility shall receive the same training.
- c. During the course of recruiting, hiring, training, making transfers, job assignments, promotions, granting compensation, benefits and taking disciplinary action all applicants and members will be evaluated solely upon their qualifications and merits.

- d. Continue to advertise the GCBOCC vacancies in the local newspaper and the county website with EEO specificatons.
- e. Vacancy announcements are also made to the Florida Workforce Center and other similar agencies and organizations.

3. The GCBOCC will look at an impact analysis by job category based upon available data for all personnel activity including new hires, promotions, transfers, and terminations, upon plan update. We will continue to review termination procedures for affected job categories to ensure that no systematic barriers exist that would cause a disparate impact to any protected group. The GCBOCC will propose corrective measures where necessary and hold all employees accountable. This goal will be re-evaluated on the next plan update.

- a. The Chief Administrator and all department heads are committed to Equal Employment Opportunity (EEO) and will follow all EEO laws and Fair Employment Practices to assure fair and equitable treatment of all present and future employees.
- b. All personnel involved in the recruitment, screening, selection and related processes shall receive continued training to ensure elimination of bias. Any new employee placed in this area of responsibility shall receive the same training.

- d. Continue to advertise the GCBOCC vacancies in the local newspaper and the county website with EEO specificatons.
- e. Vacancy announcements are also made to the Florida Workforce Center and other similar agencies and organizations.

4. The GCBOCC maintains a complaint process for addressing employee complaints of illegal discrimination on any basis. Procedures have been developed to resolve any situation where an employee feels that their rights have been violated. All employees may file complaints with the Human Resources Department and all complaints will be investigated. Employees are expressly prohibited from retaliating against or harassing an employee who has filed a complaint. Appropriate policies will be reviewed upon plan update or when necessary to ensure consistency. This goal will be re-evaluated upon next plan update.

- a. The Chief Administrator and all department heads are committed to Equal Employment Opportunity (EEO) and will follow all EEO laws and Fair Employment Practices to assure fair and equitable treatment of all present and future employees.
- b. All personnel involved in the recruitment, screening, selection and related processes shall receive continued training to ensure elimination of bias. Any new employee placed in this area of responsibility shall receive the same training.

- e. Vacancy announcements are also made to the Florida Workforce Center and other similar agencies and organizations.

Step 7a: Internal Dissemination

1. Upon completion of the plan by the Gulf County Board of County Commissioners, copies of the plan will be presented to the Clerk of Court as the official record keeper.
2. Human Resources will also provide the document to the Sheriff's Office and to interested employees or applicants.

Step 7b: External Dissemination

1. Human Resources will house a copy of the EEO Plan to be available for viewing by the public and/or prospective applicants
2. Post the EEO Plan on the Gulf County Government web page.
3. All Gulf County printed matter dealing with employment shall contain the phrase:
An Equal Opportunity Employer.
4. All sub-contractors and vendors shall be notified of our commitments under Executive Order 11246 and of their responsibility under the law.
