Memorandum

To: Board Of County Commissioners
From: Doug Crane
Date: September 14, 2026
Subject: LDR Review Fee

Board Members,

I am requesting to include the Land Development Regulations (LDR) review fee in the building permit cost for applicants using a private provider, consistent with the process for applicants who do not use a private provider.

The LDR review fee is included in the building permit cost for applicants who do not use a private provider. We would like to apply the same approach to applicants using a private provider. Including the LDR review fee in the building permit cost would establish a consistent fee collection process and simplify payment for applicants. This would be effective immediately.

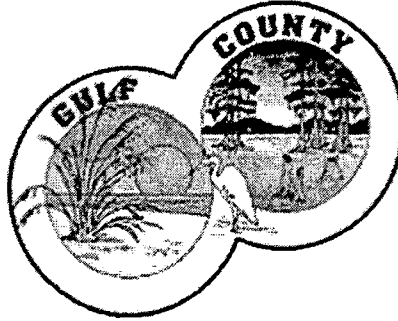

Sincerely,

Doug Crane

Re: Public Safety Cost Reimbursement Request

Gulf County is a fiscally constrained county that experiences higher volumes of tourists and visitors to the area during specific times throughout the year. Thus, Emergency Medical Services (EMS) has added additional coverage in service due to the increase in population in the area during these times. Adding additional coverage to service is necessary due to the length of transport times, as well as the quantity of emergency calls received in the County's tourist corridors.

EMS is seeking reimbursement for these additional costs due to public safety concerns. The costs associated with this reimbursement request are not supplanting normal operations; they are additional services that were added due to the increased number of tourists and visitors to the area.

The reimbursement request is for services rendered by EMS from July 2, 2026, through August 27, 2026. The request includes reimbursement for EMS payroll. The total cost is \$11,206.26.

Please reach out if you have any questions.

Thanks,

Jody Daniels
Gulf County EMS Director

Staff are requesting BOCC approval of TDC- Public Facility funding for the replacement of solar lighting in District 3 parks. The funding for this project will be included in the FY2627 Budget with 70% to be funded by TDC-Public Facilities (TDC-PF) in Fund 132 and 30% Capital Projects for parks in Fund 301.

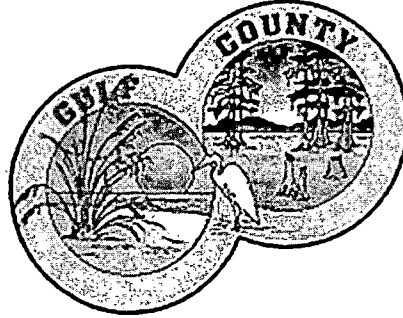

The TDC's recommendation, which included Parks and Recreation Facility Enhancements, was approved by the BOCC 5/5/26.

The proposed project meets the Parks and Recreation Facility Enhancements category included in the Gulf County Infrastructure Investment: Tourism Impact Analysis dated 4/15/26. This analysis was prepared by Impact DataSource and meets the requirements for Florida Statutes 125.0104(5)(a)6e. This report has been reviewed and approved by the TDC, BOCC and County Attorney.

Staff have also confirmed that the following requirements have been met:

- Gulf County is a fiscally constrained county.
- At least 40% of all tourist development tax revenues collected in the county are spent to promote and advertise tourism as required.
- Funds will only be used for an allowable public facility capital investment that has a life expectancy of 5 or more years.

MEMORANDUM

TO: GULF COUNTY BOARD OF COUNTY COMMISSIONERS

FROM: MATT HERRING, DIRECTOR OF EMERGENCY MANAGEMENT

DATE: SEPTEMBER 14, 2026

SUBJECT: Purchase Tanker Fire Truck & Equipment - Overstreet VFD

This memorandum clarifies changes that have occurred since the Board's approval on 7/27/26. Since that approval, new information has been received that Ten-8 fire & Safety has a suitable truck readily available and now offers the lowest quote. Therefore, I recommend that the Board revise its previous approval and authorize the Fire Coordinator to purchase the Tanker Fire Truck from Ten-8 Fire & Safety through State Contract (# FSA25-VEF19.0).

Per the county procurement policy, we have received at least three quotes from vendors, with base truck price listed below:

\$567,000.00 – NAFECO, Inc.
\$528,126.00 – Toyne, Inc.
\$516,994.00 – Ten-8 Fire & Safety

I recommend approving the lowest quote from Ten-8 Fire & Safety that is already built and available.

I would like to recommend that the board allow the Fire Coordinator to purchase loose fire equipment totaling \$83,006.00 from state contract vendor Ten-8 Fire & Safety for the new fire truck. These additional items are requested as an allowable exception under section #4 of the procurement policy as an exceptional purchase. The fire truck vendor will be providing these additional items as they are compatible with the truck and meet the critical delivery schedule.

We are requesting approval to purchase the apparatus and additional equipment at an amount not to exceed \$600,000.00. OVFD has received a State appropriation for the amount of \$600,000.00 for the tanker and equipment and this purchase will be contingent upon grant funding.
